

3 POWER Points:

- Can you design and make a toy out of recycled materials? (Plenty of ideas can be found online)
- What toys do children in other countries play with? Choose a country and compare their toys to your toys.
- Play a range of board games to get some ideas. Can you design your own board game and counters? What are the rules?
- Can you write a set of instructions explaining how to play with your favourite toy? Don't forget to include photographs or drawings!

2 POWER Points:

- Imagine your toys came to life at night. What might happen? Where would they be?
- Can you write a rhyming poem about a toy?
- Can you build a model out of Lego and describe how you did it?

This half term's POWER Project is:

'Toys'

HAND IN BY:

Friday 16th March 2018

*Choose projects to achieve your minimum
5 POWER Points.*

By all means go over 5points!

*Tick off what you have completed to
achieve your points.*

2 POWER Points:

- Can you design a toy that children might play with in the future? What would it be made of? What would it do?
- Can you design a poster to advertise a toy?
- Look at the toys in your house. What are they made of? Can you create a pictogram to show the different materials you found?

1 POWER Point:

- Choose some of your favourite toys, can you order them from smallest to biggest? From heaviest to lightest?
- Go to the library and see if you can find any stories about toys. Which is your favourite?
- Can you think of a toy for every letter of the alphabet?
- Look in a toy shop or toy shop website, what toys can you find that cost less than £10? Choose 2 toys, how much would it cost to buy them?
