

English

- ❖ Write a persuasive letter to your head teacher justifying why a 'back to school' party would be good idea for the school community. Include a reason for the party and what/who would/should be invited.
- ❖ Write a detailed instructions for your favourite footballer's goal celebration or your favourite dance move including how to complete the celebration. Include diagrams so your teacher can learn/perform it!
- ❖ Write your own song/rap celebrating our school, which could be performed during merit assemblies! Include what makes us special!

Celebrations

Year 5 and Year 6

Weekly Learning Tasks for week beginning 6.4.20

These tasks cover various skills **English, Maths, Creative** and **Investigative**.

We recommend completing 8 or more of these tasks this week. The activities that are **bold and underlined** may require more adult support. Enjoy! ☺

Maths

- ❖ **Party planner - create a budget (including individual costings and a list of items) for a 'return to school party'. Use the internet/people at home to help with costings etc. Things to consider include: Where will the party take place? How many people will be there? What food/drink/decorations will you need? Calculate the total cost of hosting the event. As an additional challenge, work out what will the cost of the party per person would be.**
- ❖ Create a maths trail of questions for your family around the house/in your back garden linked to celebrations or family events (include all four operations - e.g. What year was grandad born? How old is he now? How old was he in 1998? What is dad's age minus my age?)
- ❖ Make and measure a birthday cake or similar celebratory cake for a celebration of your choice.

Creative

- ❖ Create a celebratory 'Tik Tok' style dance which can give everyone something to smile about! Teach members of your family and record your performances!
- ❖ Create a 'pop up' celebration card with a slider mechanism (e.g. for a wedding, Diwali etc.)
- ❖ Create a new 'National holiday' celebration for something which is important to you. Create an advertising campaign including, a slogan, tagline, radio jingle and campaign poster.
- ❖ Create a family quiz all about celebrations to test out members of your family - who will be the champ? The quiz can include a picture round, music round, an 'our family' round - just be creative!

Investigative

- ❖ Research celebrations around the world linked to one of the following themes (food, dance, music, rituals, gifts, clothing). Now imagine you are a web designer. Create a webpage either on paper or on the computer to showcase your findings - be clear about your intended audience.
- ❖ Design and make a calendar for 2021 which includes the correct dates for all religious festivals/celebrations. Design a piece of art work to accompany each month based on a relevant festival/celebration.
- ❖ Something new - research a celebration/festival you have never heard of before, represent it in picture / cartoon / sculpture form.
