Remote Learning @ Inspire

We will be trialling our new Remote Learning offer from next week to Years 3 and 6. This will be primarily for children who are well but are having to self-isolate at home. After taking feedback from the summer remote learning offer, we have developed the following to develop our offer:

1. Work linked to teachers planning in your children's class – **not** separate work packs
2. Video content to introduce or explain concepts
3. Work can be accessed via School Website or via Class Dojo
4. We will be asking staff to show all children in school how to access the Remote Learning resources so they know how to navigate them if/ when they are not in school

We hope if all goes well next week, that we will move to add other year-groups from week beginning 28th September. Obviously, with staffing constraints, we are trying to move as quickly as possible with this offer whilst balancing day-to-day teaching in school. You should see the first Remote Learning resources appear on Tuesday 22nd September!

Telephone Support for Parents and Carers

This term, Coventry Educational Psychology Service is offering direct telephone support to parents and carers during the Covid-19 pandemic.

The service is available for families who live in Coventry who feel they may benefit from the opportunity to speak with a member of the team to support them at this time.

Areas of support may include:

- how to talk to your child/young person about COVID-19 and worries that they may have
- helping your child/young person to engage with learning whilst at home
- supporting behaviour that can be challenging or difficult to manage
- ways to look after your own and/or your child/young person's mental and emotional well-being on a daily basis

When you contact the service, you will be asked to provide the following information:

- your name
- the telephone number you would like to be contacted on
- email address
- times and dates when you are available to speak with a member of the team
- your child's nursery, school or college (where relevant)
- your child's name if they have had previous involvement from SEND services
- a brief description of the area you would like support in

Your details will be passed to an Educational Psychologist/Trainee Educational Psychologist who will contact you directly to offer a 30-minute appointment.

If you would like to arrange to speak with an Educational Psychologist please contact

024 7678 8400 between 9:00am and 12:00pm, Monday to Friday.

As far as possible, this service will be confidential
