

Welcome to Year 4

Autumn Term 2020

Throughout Year 4, the children will be continuing their exciting learning adventure at Hearsall Community Academy. The children will continue to access the 'Hearsall treasure chest' throughout the year. Some will have a 'leg' up to see what is inside the treasure chest; others will see for themselves. What is certain is that everyone during their time here will 'touch the bottom' of the treasure chest: whether it is in the classroom, Forest School, or through one of our famous Year 4 Family Assemblies. At Hearsall we thrive in diversity and celebrate all our different Year 4 treasures every single day!

This year, the children will continue to be mathematicians, writers, readers, scientists, designers, artists, historians and geographers - what a busy life! To find out about the Year4 curriculum - please see the corresponding curriculum letter for this term.

4M

Welcome to 4M! I am really excited to teach you this year. This year is going to be very interesting as we dive into topics such as One the Move and the Romans! What do you think will be your favourite topic this year?! Miss McDonald 😊

4TH

We surely are lucky teachers to have the pleasure of teaching you all again this year and continuing with you on this crazy, fun filled journey! We know that, just like last year - it'll be jam packed with memories as we enjoy our; On The Move topic work, launch ourselves into the world of David Walliams and finesse our mathematical skills. Let's have some fun! Mr Thomas and Mrs Hindmarsh 😊

On The Move

We have had a great start to our Autumn topic, On The Move. We have already created some spectacular artwork for our corridor displays as well as begin to learn about great influencers in the development of transport such as the Coventrian, James Starley. We are super excited to see what the rest of the topic brings!

Celebrating Success

You have all settled in so well after our extended time off and your hard work is paying off. We look forward to celebrating your achievements through our dojo platform as well as our weekly merits!
