## Happy Easter!

We made it to the end of term.. and what a term! It has been eventful to say the least but we made it and more importantly, we made it to the end with the children back in school and things as normal as can be at the moment.

Everyone was so happy when the ☀ came out this week! It made me realise how long we have been stuck at home and inside and how wonderful for the children to get out and enjoy the sunshine. It was an absolute pleasure to watch children playing games on the playground and enjoying being together.

Please remember to send children back to school for summer term in full school uniform, no trainers and looking smart and ready for learning. This is key to ensuring they feel mentally ready and are creating good habits for the future in taking care of their appearance.

Please enjoy the Easter holidays and the time you have together as a family. Happy Easter to all our families who celebrate Easter time. **See you back on 19<sup>th</sup> April.**

Have a lovely holiday,  
*Claire Jones, Headteacher*

This week Year 2 have been working hard, in English, to organise information they have gathered about tiger and elephants to write an information text. We have then been working hard to write our information texts choosing either tigers or elephants as a focus. In maths, we dividing by 2, 5, 10 and 3 using the cookie method to support us.

Year 4 have had an exciting time during our science lessons. We have been learning all about sound! The children have taken part in lots of investigations where they have explored how sound is made and how we can change the pitch. Why not ask your child to share one of the fascinating facts we have discovered!!
