

Friday 21st June 2024

Dear parents and carers,

This week's newsletter is still paper based as Sway is still not working unfortunately! As we gear up for the end of summer term, the diary is becoming more and more packed with events and diary dates. Please see below the important dates coming up in the next three weeks.

Diary Dates Summer 2 Term 2024

PARENTS EDITION – Events in Summer 2

Week	Date	Events

		Summer Holidays 22nd July to 4th September Children's first day back: Thursday 5th September 2024

Here is this week's news:

Alfie's Corner

I've been spending time in the hall with Year 6 the past couple of weeks and my favourite thing about that is I get lots of visitors! Everyone who comes through the hall comes to say hello (I think that might be why they are coming to the hall really!) Little humans from Reception have been coming to give me lots of cuddles, keep them coming guys! I love getting lots pats and waves. I hope to see lots more people coming to visit next week.
Love Alfie x

Shining the spotlight on D&T!

This week Years 5 & 6 have kick-started their Summer Term Design & Technology unit. The children have researched cakes by taste testing a range in order to consider the appearance and flavours within them. They have then worked in groups to start to design their cakes ahead of making them over the next few weeks. The skills the children will be learning will set them up for their futures with handling and preparing food safely.

Year 5 Science

Year 5 had completed a practical and engaging science session this week looking at forces. In groups, we built parachutes using different materials and carried out a fair test to see which material would create the slowest falling parachute. Our results showed us that, the parachutes made with thinner materials worked best. We also predicted that if we had made the parachutes bigger they would have more air resistance and the parachutes would've been more successful. We are very much looking forward to next science lesson where we will be building boats and investigating water resistance.

This week's assembly

Part of this week's assembly was talking about being sun safe. Children learnt about how to keep safe now that summer has finally arrived.
Slip Slop Slap Seek Slide!

Keep this in mind and send your child in with a hat and sunglasses when it is hot. You are welcome to put suncream on your child before school and we will also make sure they are not out in hot sunshine for too long.

Make sure you send a water bottle to keep them hydrated!
