## **1 Purpose and Scope**

At Inspire, we believe it's important to:

- Work in partnership with parents to support their child's learning
- Create a safe, respectful and inclusive environment for pupils, staff and parents
- Model appropriate behaviour for our pupils at all times

To help us do this, we set clear expectations and guidelines on behaviour for all members of our community. This includes staff (through the staff code of conduct) and pupils (through our behaviour policy).

This Parent/ Carer Links policy aims to support school and home working together by setting guidelines on appropriate behaviour and being clear about what parents/ carers should reasonably expect from a primary academy in our Trust.

We use the term 'parents' to refer to:

- Anyone with parental responsibility for a pupil
- Anyone caring for a child (such as grandparents or child-minders)

## **2 Our expectations of parents and carers – Code of Conduct**

We expect parents, carers and other visitors to:

- Respect the ethos, vision and values of our school
- Work together with staff in the best interests of our pupils
- Treat all members of the school community with respect – setting a good example with speech and behaviour
- Seek a peaceful solution to all issues
- Correct their own child's behaviour (or those in their care), particularly in public, where it could lead to conflict, aggression or unsafe conduct
- Approach the right member of school staff to help resolve any issues of concern

## **3 Behaviour that will not be tolerated**

- Disrupting, or threatening to disrupt, school operations (including events on the school grounds and sports team matches)
- Swearing, or using offensive language
- Displaying a temper, or shouting at members of staff, pupils or other parents
- Threatening another member of the school community
- Sending abusive messages to another member of the school community, including via text, email or social media
- Posting defamatory, offensive or derogatory comments about the school, its staff or any member of its community, on social media platforms
- Use of physical punishment against your child while on school premises
- Any aggressive behaviour (including verbally or in writing) towards another child or adult
- Disciplining another person's child – please bring any behaviour incidents to a member of staff's attention
- Smoking or drinking alcohol on the school premises (unless alcohol has been allowed at a specific event)
- Possessing or taking drugs (including legal highs)
- Bringing dogs onto the school premises (other than guide dogs)

#### 4 Breaching the code of conduct

If the school suspects, or becomes aware, that a parent has breached the code of conduct, the school will gather information from those involved and speak to the parent about the incident.

Depending on the nature of the incident, the school may then:

- Invite the parent into school to meet with a senior member of staff or the headteacher
- Send a warning letter to the parent
- Contact the appropriate authorities (in cases of criminal behaviour)
- Seek advice from our legal team regarding further action (in cases of conduct that may be libellous or slanderous)
- Ban the parent from the school site

The school will always respond to an incident in a proportional way. The final decision for how to respond to breaches of the code of conduct rests with the headteacher.

The headteacher will consult the chair of governors before banning a parent from the school site.

#### 5 Parental Involvement

Inspire Education Trust academies have an "open door" policy. We recognise the pivotal role that parents/ carers play in the education of their children. We encourage parents/ carers to be fully involved in their child's formal education and in the life of the school. We recognise that we must work in partnership with parents/carers, keeping them fully informed of their child's achievements and the workings of the school, and we continue to develop strategies for active involvement.

##### Welcoming new pupils and families

We recommend that new families moving into the area should:

- Be shown around school by the head teacher or the next senior member of staff on site.
- Visit the school before deciding if an Inspire Education Trust academy is the best environment for their child.
- Bring the child with them when visiting the school.
- Meet with the Pastoral Manager and school administrator and complete all relevant forms.

##### Communication

At Inspire Education Trust Academies, we have introduced a wide range of communications strategies, including:

- Dedicated pastoral team readily available for all parents/carers
- Regular letters
- Individual letters when needs arise.
- Direct telephone calls (where necessary)
- Communicating via online portals such as Class Dojo/ Tapestry
- Annual reports.
- Parents' meeting – twice per year
- Informal discussions with parents at the beginning and end of the day.
- Invitations to assemblies, workshops and other school functions

- Preparation for Key Stage 1 and Key Stage 2 assessments tasks.
- General curriculum information presentations.
- Family Learning/ Thrive sessions
- Transition meetings
- Residentials

## **6 Meetings**

We hold 2 Parents' Meetings each year. Annual reports are given out towards the end of the summer term. A chance to talk through the report with your child's class teacher will be made available by request. Those parents/carers facing problems in attending the meetings will be given alternative appointments and all endeavours will be made to ensure that they attend. A record of those parents/carers who do not attend will be kept by the class teacher. A member of the Senior Team will maintain records of attendance and targets for numbers attending.

Parents will also be invited to reviews for those children with Special Educational Needs.

## **7 Parent volunteers in school**

We welcome family members as volunteers in school and greatly value the wide range of support they can offer. Our policy for parent volunteers is outlined in a separate guidance leaflet. Any parents wishing to work in school should arrange a meeting with their child's class teacher, the head teacher or the parental involvement leader to discuss how they could be of support. The parental leader keeps a record of all adults working as volunteers in school, including the times they are in school.

## **8 Fund raising events/accounts**

In many of our primary academies, our parents have active and growing PTA groups where they regularly get involved in fundraising activities. For example: Christmas Fayres, fundraising evening events/ quizzes etc.

## **9 Courses for parents**

Regular courses are provided for parents, including family learning, ICT and parenting support. Flyers and posters are sent out to all parents when a new course is set up, information is also posted on the school website.

## **10 Mobile Phones in School**

Pupils are not allowed to have mobile phones out in school, or to use mobile phones in school. Pupils must put mobile phones away in containers provided by the class teacher at the start of each day. These will be stored securely and then returned to the pupils at the end of the day.

Mobile phones should not be used in any manner or place that is disruptive to the normal routine of the school or cause embarrassment or discomfort to their fellow students, staff or visitors to the school.

All communications home should go via the school office and have permission from the class teacher or relevant senior leader unless exceptional circumstances have been granted by a senior leader in collaboration with parents/carers.

# KS1 - Pupil Acceptable Use Agreement Form

## Trust Statement

New technologies have become integral to the lives of children and young people in today's society, both within schools and in their lives outside school. The internet, tablet devices and other digital information and communications technologies are powerful tools, which open up new opportunities for everyone. These technologies can stimulate discussion, promote creativity, and stimulate awareness of context to promote effective learning. Young people should have an entitlement to safe internet access at all times.

This Acceptable Use Policy is intended to ensure:

- That young people will be responsible users and stay safe while using the internet and other communications technologies for educational, personal and recreational use.
- That school ICT systems and users are protected from accidental or deliberate misuse that could put the security of the systems and users at risk. The school will try to ensure that pupils will have good access to ICT to enhance their learning and will, in return, expect the pupils to agree to be responsible users.

## Acceptable Use Policy Agreement
